FOR IMMEDIATE RELEASE

October 3, 2017 Battle Ground, WA. We are pleased to announce that Mr. Phil Lin has joined motion control manufacturer, Delta Computer Systems Inc., as a Regional Sales Manager covering Asia Pacific, with an initial emphasis on China.

Phil Lin comes to Delta with a background in engineering, sales, marketing and business development with over 22 years of domestic and international experience gained at Intel, IBM and Sharp Electronics. Phil's academic credentials include a BS in Electrical Engineering and has completed all MSEE coursework at the University of Akron in Ohio.

"Mr. Lin and Delta will initially take mutual advantage of his Asian sales and cultural experience in China, employing his fluency in Mandarin and Shanghainese languages. Longer term Phil will extend his charter to other target countries in the Asia Pacific region." stated Steve Nylund, CEO of Delta Computer Systems, Inc.

Nylund added, "Delta continues to expand in the Asia Pacific region including China, India, South Korea, Japan and Australia driven by an industrial base seeking automation products and Delta's best-in-class family of RMC motion controllers."

About Delta Computer Systems Delta Computer Systems, Inc. designs, manufactures, markets, and supports motion controllers, and specialized products. With more than a 35 year track record of motion control product development, customer responsiveness, continuous incremental improvement, and support for both legacy and new products, Delta delivers lasting value. [Delta's newest RMC200 motion controllers will be demonstrated next during PTC Asia and Fabtech 2017-Chicago.](http://www.deltamotion.com) More details and information are available at www.deltamotion.com or by contacting Delta Computer System, Inc. p360-254-8688, f 360-254-5435, **Editor: Your personnel may indicate Sales Asia Pacific for inquiry identification.**
